

David Goldstone Associates Limited T/A Goldstone Associates - COOKIE POLICY

Our website (the Website) www.davidgoldstone.com uses "Cookies", which are small data files placed on your device only if your browser's settings allow it and may include information like unique ID, previously visited subpages on the Website and/or other information. Types of Cookies we may use: Session Cookies, Security Cookies or Preference Cookies. You can disable or erase cookies in your browser settings.

Cookies enable us to provide familiar website features and play a role in enhancing the functionality of our Website. Cookies also serve as valuable tools for gathering insights to enhance user experience, such as identifying commonly used features and preferred pages. Please rest assured that the information collected through cookies is not sold by us, and we do not share it with third parties unless mandated by law, such as government bodies and law enforcement agencies.

Much like many other websites, we employ standard cookies to manage your 'session,' which refers to the time you spend on our Website. These session cookies facilitate your navigation within the Website and the utilisation of its features. It is important to note that these are 'session cookies' and automatically expire when you leave the website.

Cookies are instrumental in tracking website usage, primarily for internal purposes aimed at improving the user experience. They provide valuable insights into how our visitors interact with the site, ultimately enabling us to optimise our content delivery.

Our Website may include links to third party websites, plug-ins, cookies, media and applications. Clicking on those links, or enabling those connections, may allow third parties to collect or share data about you. We do not control those third-party websites, and we are therefore, not responsible for their privacy notices. When you leave our Website, we encourage you to read the privacy notice of every website which you visit to ensure that your data is processed in a safe, secure manner.

You can set your browser to refuse all, or some browser cookies, or to alert you when websites set or access cookies. If you disable or refuse cookies, please note that some parts of our Website may become inaccessible or not function properly.
